

# OUR APPROACH TO SOURCING DRINKS

Interesting, innovative, ethical & local!

At the heart of Three Blue Ducks are the people; the roasters, brewers, winemakers and distillers. Our aim is to share what real food and beverage means to us, by showcasing the best quality local suppliers. We source ethically made, independently produced beverages to complement your dining experience.

We love Australia, the land we get to live and work on.

New South Wales is Australia's most populated state but it represents only about 30% of Australia's total wine production on an annual basis. What that means is there is a lot of hand-crafted, carefully considered wine being made in our home state. Here we are aiming to champion the producers of NSW, the birthplace of modern-day Australian wine.

Because we're really passionate about doing our part for the planet, we've made sure to highlight on our menu the wines made from organically farmed grapes. This way, you can easily choose wines that match your personal values and show support for those who are dedicated to the principles you find important.

Natural wine? The wines on our menu that have this denoted next to them are made by the most dogmatic of producers. Sticking rigidly to using no chemicals, heavy machinery, preservatives or modern manipulations of their wines. This is how wines were made thousands of years ago. Expect the unexpected here, the wines can be cloudy, spritzy, lively and often they do not have the typical flavour profiles associated with modern day examples. There is a raw beauty in this style of wine, that's why we've listed a few of them of course!

The Ducks

## **ROSÉ**

---

Not to be overlooked, rosé has weathered a few storms of mass production and insincerity over the years. Rosé made with intention can be profound and taken just as seriously as red or white wines. Remember don't judge a rosé by its colour, the colour of the rosé has nothing to do with whether it is dry or sweet.

2021 Cobaw Ridge 'El Pinko', Syrah, Macedon Ranges | 110  
+biodynamic, world-class rosé, crisp acidity, dry, nuanced, taut, savoury

2022 M&J Becker 'Hunter Rosé' Merlot, Shiraz, Hunter Valley, NSW | 73

2022 Mount Horrocks, Rosato, Clare Valley, South Australia | 89  
cranberry, blood orange,, generous red berries, crisp, dry, steely finish

## **RED**

---

A staple of the Australian wine landscape - red wine makes up the largest proportion of production in Australia. However these days producers are starting to focus more on reds that are suitable for our warm weather and the style of dining we lean towards. Namely foods with an Asian influence!
