

WHAT WE LOVE!

The best beverages, sourced locally.

The best beverages, sourced local & afar. The Ducks is all about enjoying food and drink with your mates and loved ones. At the heart of Three Blue Ducks are the people; the roasters, brewers, winemakers and distillers. Our aim is to share what real food and beverage means to us, by showcasing the best quality of our local suppliers and afar. We source ethically made, independently produced beverages to compliment your dining experience. What we have gathered here is some of our local favourites from Sydney, its surroundings and sometimes across the water.

TOP PICKS

Travla 'Australia's Lager', Australia

A classic Australian style lager, Travla is Country-grown, Country-brewed and Country-owned. Can't say that about many of your classic "Aussie" beers! Our very own Andy Allen (co-owner of Three Blue Ducks) is one of the founders of this Australian lager from all-Australian ingredients. We're pretty bloody proud to be stocking Travla, you should give it a go!

2022 Ruggabellus 'Sallio', Riesling, Muscat, Eden Valley, SA

Ruggabellus - meaning 'rugged beauty' - is one of the breakaway producers of the much written about 'New Barossa' movement. If you're getting into skin contact white wines, there is simply no better place to start than the great expert work from the masterful Abel Gibson.

Young Henrys 'Noble Cut'

Our good friends at Young Henry's since opening their doors in 2012, they have always tried to operate by the most sustainable means possible - from re-usable growlers, to re-purposing spent grain. Now turning their hand to gin, by using Australian botanicals such as lemon myrtle and peppercorn to create this delicious gin.

ABOUT OUR WINE

All the wine we offer at Three Blue Ducks reflects our ethos...

1. We focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing!
2. We buy from smaller, independent winemakers and wineries. Wines on our list are made with integrity and the utmost care.
3. We support the local Aussie wine industry. Aiming for low 'food miles' means we offer a lot of beautiful Australian wine and limited international wine.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it. But mainly we have really trained our team. Ask their advice – they would love to share what they know

WINE ON TAP

We are always looking at ways to reduce our impact on the environment. Wine on tap and wine in lower impact vessels is something we've seen a resurgence of in the last few years. And we are here for it!

By using a tap system we save thousands of bottles per month! Not only the bottles themselves but also saving the energy and resources that go into their production, transport and disposal.

As for the wine, ask the experts, it's better for the wine. By transporting the wine in bulk containers, then transferring it into our stainless steel kegs, the wine sees no oxygen until it hits your glass or our carafes.

We work directly with producers that put their hearts into what they do and that make wine specifically for our taps. No compromise on quality whatsoever! The proof is right here, so feel free to ask your server for a taste!
