

# WE LOVE LOCAL!

The best beverages, sourced locally.

At the heart of Three Blue Ducks are the people; the roasters, brewers, winemakers and distillers. Our aim is to share what real food and beverage means to us, by showcasing the best quality local suppliers. We source ethically made, independently produced beverages to compliment your dining experience.

We love Australia, the land we get to live and work on. Victoria boasts 21 wine regions, making it the state in Australia with the highest number of distinct regions. That means, there is a huge variety of land and climates for growing and hand crafting, carefully considered Victorian wines. Here we are aiming to champion the bright, independant producers of Victoria.

Because we really believe in doing our bit for the planet we have denoted on our menu when the grapes have been farmed organically. So you can support the people who are practising the way you believe is important even with your wine choices!
